Acme Markets Coupon Acceptance Policy

This policy applies to Acme Markets Inc. and its affiliates and subsidiaries in the USA

Manufacturer and Store Coupons:

- 1. We will redeem coupons only for the specific items included in our customer's purchase transaction. The redemption value will be as stated on the coupon, unless that value yields a final price for such item less than zero; if application of the redemption value yields a price less than zero, the coupon will be redeemed only for the amount that yields a zero price (our customer cannot net a cash credit or payout from a coupon purchase).
- 2. Paper coupons must be presented at the time of the purchase transaction. We will accept only coupons issued by Acme Markets or the manufacturer of the relevant product. We will not accept photocopies of coupons.
- 3. Coupons are subject to advertised offer limitations and all other limitations and restrictions on the applicable coupon or product.
- 4. Coupons may not be applied against any free item received in any offer.
- 5. Coupons have no cash value.
- 6. Acme Markets will not accept manufacturer coupons (including, but not limited to, coupons issued through a Catalina or other in-store coupon dispenser) that display another retailer's logo or name unless such coupon is for a specific item with the same product identifiers as the product included in our customer's purchase transaction and is sold and available at the store.
- 7. We will not accept coupons unless they have an expiration date. Expired coupons will not be accepted.
- 8. We will not accept coupons that, in the determination of Acme Markets personnel, appear distorted or blurry or are altered in any way.
- 9. Sales taxes will be applied in accordance with the law of the applicable state, regardless of any coupon or other discount that may apply to the purchase transaction.
- 10. All applicable bottle and packaging deposits on the purchased and free items must be paid by the customer.
- 11. Acme Markets reserves the right to refuse any coupons at its discretion.
- 12. Purchase reward thresholds (if any) will be calculated based upon customer's final price (after deducting Club Card savings and all other discounts and savings) before deductions for any manufacturer coupons. As an example (and not as an offer), if a \$10 minimum purchase is required for a customer reward, a customer's order at full retail would be \$12, a Club Card discount of \$1.75 applies, and a manufacturer's coupon of \$1 applies, the customer would be given credit for a \$10.25 purchase, and would be eligible for the reward (assuming compliance with all other requirements) even though the customer's cash payment would be only \$9.25. The manufacturer's coupon would not be deducted from the total for purposes of determining reward eligibility. Purchase reward thresholds (if any) will be calculated based upon customer's final price (after deducting Club Card savings, and all other discounts) we've updated our privacy policy. Load to Card Club Coupons:

19. Internet and digital coupons that have been electronically loaded to a Acme Markets Club Card are automatically redeemed at the time of purchase after the club card number has been entered. All other coupon policies above apply to electronic coupons that are loaded to a club card. Internet and digital coupons electronically loaded to a Acme Markets Club Card are not included in any operative "double coupon" or other increase in coupon value promotion. Coupons are not accepted on online shopping orders made on Safeway.com, except Internet and digital coupons that have been electronically loaded the 'Acme Markets Club Card' being used for that order.

Doubling of Coupons:

20. Check with your local store regarding "double coupon" promotions where customers will receive double the manufacturer coupon face value off the regular or club card price up to the identified limit. Not all locations offer double coupon promotions and the terms of such promotions may differ by time and store. Limitations and restrictions for double coupon promotions may change at any time. Changes will be posted in store only. "Double coupon" promotions do not apply to any internet or digital coupons except for applicable internet printed manufacturer coupons. These explanations and restrictions on "double coupons" apply to any promotion that increases the value of a manufacturer coupon beyond its face value.
